### WHY TAKE THIS CLE?

A.I. is literally the "Elephant in the Room" for all practicing lawyers in 2026. Unfortunately, for many, it presents uncharted choppy waters. This CLE has been designed to provide a degree of smooth sailing for all registrants. Each lawyer taking this seminar will leave with a better understanding of what A.I. can do for you. It will also provide practical A.I. techniques that can easily be integrated into your everyday practice.

### A.I. - THE ELEPHANT IS IN THE ROOM

## Topics to be Covered!

- **Work Smarter Not Harder-**  
Discover how A.I. can dramatically reduce the time spent on drafting research, and documented preparation.
- **The Eight Critical Areas Where A.I. is Transforming Legal Practice-**  
Explore how A.I. is being used for document drafting, legal research, contract review, litigation strategy, case analysis, due diligence, predictive analytics, and client communications.
- **The Most Useful AI Tools Lawyers Can Use Right Now-**  
Learn about leading consumer and legal A.I. platforms and how they can be integrated into everyday practice.
- **Predicting Litigation Outcomes-**  
See how emerging A.I. technologies analyze past cases and data to help lawyers evaluate risk and strategy.
- **Avoid the Pitfalls-**  
Understand the major risks of A.I., including inaccuracies, hallucinations, and confidentiality concerns.
- **Ethical Landmines Lawyers Must Understand-**  
Learn how the rules of professional responsibility apply to artificial intelligence and what lawyers must do to remain compliant.
- **Practical Guidance You Can Use Immediately-**  
Walk away with concrete examples and techniques that can be implemented in your practice the next day.
- **Prepare for the Future of Law Practice-**  
Artificial intelligence is not coming—it is already here. This program will show you how to use it effectively while avoiding the dangers.

**And much, much more...**
